

## Nalpeiron End-user License Agreement

Additional Software SDK, Components, GPL and 3rd party Software.

Nalpeiron may from time to time use within its own products or offer as additional optional components Software code and utilities from 3rd parties, some of which may be licensed under GPL. In all these cases the terms of these licenses will apply to your use of this 3rd party code and these licenses will be listed hereunder or within the components themselves, you hereby agree to re-publish or include in your own Software any such license details and to comply with any such restrictions, pay any required license fees or comply with any 3rd party terms these components contain.

Some client-side component files of this Service are licensed under the Apache License, Version 2.0 (the "License"); you may not use this file except in compliance with the License. You may obtain a copy of the License at: <http://www.apache.org/licenses/LICENSE-2.0>. Unless required by applicable law or agreed to in writing, software distributed under the License is distributed on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied. See the License for the specific language governing permissions and limitations under the License.

The Apache Portable Runtime includes a number of subcomponents with separate copyright notices and license terms, please review these within the distributed components themselves.

This Service includes software developed by Daniel Stenberg, libcurl, licensed under a MIT/X derivate license.

This Service also includes software developed by Daniel Veillard, libxml2, licensed under the MIT License.

This Agreement supplements the End User License Agreement ("EULA") which may be contained within versions of additional Nalpeiron downloadable software SDKs or components (the "Software") offered within the Service Support System. The Software-based EULA Terms are to be found with the Software itself as part of the installation and execution of this Software. In the event of a conflict between the terms of this Agreement and the terms of the EULA, the terms of this Agreement will control. Terms not defined herein shall have the meanings ascribed to them in the EULA.
